Overview of CDN Mission & Values

CDN Mission

CDN provides structure for professional staff development; collaboration; and sharing of best practices. CDN raises the quality, effectiveness and efficiency of career services and increases value to the overall student development and learning experience at the University of Minnesota Twin Cities.

CDN Values

- Collaboration = Working together with campus and community members to develop and deliver exceptional events, programs and services.

- Innovation = Leading through creative and forward-thinking solutions to advance our mission and contribute to the field of career development.

- Action-Oriented = Delivering practical and impactful results that advance the organization, our members and the University.

- Responsible Stewardship = Managing resources effectively and efficiently to implement and advance the mission, values and goals of CDN.
